

Targ, the Organized Stalking Target

Last Update: March 2, 2010 This page is the collection of comic strip series about a character named "Targ", who is an organized stalking target. (Note: Some use the term "gang stalking" to describe OS.) The purpose is to educate the public about this relatively new (started in the second half of the 1900s) crime, in hopes that public awareness may help get the world's justice systems to take this crime seriously.

The strips were created at: <http://www.bitstrips.com>. Visitors to this page must understand that the terms of use for bitstrips.com prohibit commercial use of these strips.
