

Valores de referencia

Reported Biological Effects from Radiofrequency Radiation at Low-Intensity Exposure
(Cell Phone, Wi-Fi, Wireless Laptop and Smart Meter RF Intensities)

Effect Category	Reference
Neurological/Behavioral Effects	
Increased risk of brain tumors in heavy mobile phone users	Reference [1]
Increased risk of brain tumors in heavy mobile phone users	Reference [2]
Increased risk of brain tumors in heavy mobile phone users	Reference [3]
Increased risk of brain tumors in heavy mobile phone users	Reference [4]
Increased risk of brain tumors in heavy mobile phone users	Reference [5]
Increased risk of brain tumors in heavy mobile phone users	Reference [6]
Increased risk of brain tumors in heavy mobile phone users	Reference [7]
Increased risk of brain tumors in heavy mobile phone users	Reference [8]
Increased risk of brain tumors in heavy mobile phone users	Reference [9]
Increased risk of brain tumors in heavy mobile phone users	Reference [10]
Increased risk of brain tumors in heavy mobile phone users	Reference [11]
Increased risk of brain tumors in heavy mobile phone users	Reference [12]
Increased risk of brain tumors in heavy mobile phone users	Reference [13]
Increased risk of brain tumors in heavy mobile phone users	Reference [14]
Increased risk of brain tumors in heavy mobile phone users	Reference [15]
Increased risk of brain tumors in heavy mobile phone users	Reference [16]
Increased risk of brain tumors in heavy mobile phone users	Reference [17]

1. [Bioiniciativa 2012 \(2014-2022 updated\)](#). Las tablas de colores de radiofrecuencia resumen muchos estudios que informan sobre efectos biológicos y efectos adversos para la salud relevantes para las torres de telefonía móvil, el Wi-Fi, los contadores de servicios públicos inalámbricos “inteligentes”, las computadoras portátiles inalámbricas, los monitores para bebés, los teléfonos celulares y los teléfonos inalámbricos.
2. [Directiva 2013/35/UE del Parlamento Europeo y del Consejo, de 26 de junio de 2013](#), sobre las disposiciones mínimas de salud y seguridad relativas a la exposición de los trabajadores a los riesgos derivados de agentes físicos (campos electromagnéticos) (vigésima Directiva específica con arreglo al artículo 16, apartado 1, de la Directiva 89/391/CEE), y por la que se deroga la Directiva 2004/40/CE
